1. PHOTOS

You must supply the photos you want used in your Heroes of Australia #Homesite, including preference on how you want them placed, that is the order in which they will appear, by referencing an example which you will find [HERE](#)

Unfortunately, #Homesites Network cannot rework any photos submitted, so you need to ensure they are suitable for the internet and your Heroes #Homesite. Conversely, so that everyone gets an opportunity to showcase themselves or their hero, if you do not have access to a digitally competent person #Homesites can, for a small fee, do the work for you.

Photos to be used as PC full-width should be > **more than** 1600 pixels wide, but less than 2000px wide, JPG format and (preferably) no more than 200Kb in size, which will most likely mean a resolution of about 40psi. Albeit, high resolution photos produce the best results, they can be very data hungry and take a long time to download.

All submitted material will be vetted prior to publication. Please ensure you provide a mobile contact number for consultation, if required.

2. VIDEOS

If you decide to use a video please ensure that you own the

copyright. If you make it yourself please post your video to Youtube.com and supply #Homesites with the short URL. This can be obtained by right clicking on the video on Youtube and selecting "Copy Video URL" or copying the URL from the dialogue box in the search engine, see illustration.

Videos can be used as auto-background for PC's, and image for smart phones, with a placeholder and "on demand" button or as part of a gallery, which can be a combination of video and photos.

3. GRAPHICS The graphics are 100% your responsibility. Discuss what you want

with your graphic artist or make them up your self using one of the many free online services like: <https://www.canva.com>, . You will be solely responsible for the legal ownership of materials that you use, so please ensure that there is no inadvertent infringement of a copyright owner's intellectual property rights.

5. PATIENCE

As the original heroes of Australia #Homesite is free there is heavy demand, which at times is beyond our resources to manage. There will be some errors and minor changes will be required; telephone, email, spelling and grammar fixes etc, this we understand. These will be managed for free, no charge; however, if the client changes their mind and requires a rebuild after publication the price will be subject to negotiation; but, in any event, each will be assessed on the changes required, the need and merits.
